

# Prescription Delivery Guide

Note: This pharmacy has not created a delivery guide specific to their location and services, so this is a generic guide which they have been supplied with.

## How Does It Work?

1. When booking your medical appointment, choose “Delivery” as your preferred way to receive medication.
2. When you meet with your Doctor, they will send any prescription directly to the pharmacy.
3. The pharmacy will call you - usually within an hour - to confirm delivery details.
4. The driver arrives with your medication.
